

## Child Safety

All schools have a moral responsibility for the safety and wellbeing of students. At Manchester Primary School we take this responsibility very seriously.

### The child safe standards

Victoria has introduced compulsory minimum standards that will apply to organisations that provide services for children to help protect children from all forms of abuse. The child safe standards form part of the Victorian Government's response to the Betrayal of Trust Inquiry.

The child safe standards are as follows:

In complying with the child safe standards, an entity to which the standards apply must include the following principles as part of each standard:

- promoting the cultural safety of Aboriginal children
- promoting the cultural safety of children from culturally and/or linguistically diverse backgrounds
- promoting the safety of children with a disability.

We ensure our practices and policies reflect the relevant legislative requirements, including those set out in the **Victorian Child Safe Standards**. We are committed to a school culture where protecting children forms a part of our everyday thinking and activity. The following policies and procedures help us achieve this.
